NOTES:

1/ Flag type definitions: "Reported origin" means that the respondent reported their origin; "From race" means that an origin was obtained from a write-in response to the question on race; "Within household" means that origin was obtained from someone within the household of the respondent; "Hot deck" means that origin was obtained from another neighboring household using the hot deck procedure; and lastly, "Substitution" means that origin and all other characteristics for everyone in the household were obtained from neighboring households using substitution procedures.

2/ Puerto Rico is not included in this table.

3/ Includes Housing Unit Population only.
